SARA HINCAPIÉ MENDOZA

Interactive Designer • UX & Service Design

Medellín, Colombia | sarahincapiemendoza@gmail.com | +57 322 708 4810 | Portfolio | LinkedIn

SUMMARY

Sara, is an interactive Designer with experience in the creation and development of digital and transmedia products, applying user-centered design methodologies. Demonstrates strong interest and focus on Service/Product Design and Experiential Marketing. Having a solid professional background in interaction design (UI) and UX research, dedicated to delivering innovative, strategic, and creative solutions that effectively interpret digital environments and organizational needs.

EXPERIENCE

Operations & Design Assistant to Aisha Gamboa Aug 2025 – Present

- Defined and optimized digital touchpoints for strategic initiatives, applying UX principles to streamline the participant journey and maximize program reach.
- Mapped and documented complex multi-platform user journeys, defining navigation rules, interaction behaviors, and responsive UI components across digital touchpoints.

Intern • Ceiba Software Jan 2025 – Jul 2025

- Scaled a unified design system to eliminate visual fragmentation and significantly reduce rework across corporate assets.
- Led an internal audit (CeibaDigitalOps) to streamline the hand-off process between Design and Development, establishing strict UI specifications and component standards that reduced technical rework.
- Delivered high-impact digital and print assets for multi-channel campaigns, aligning creative execution with broader operational strategy.

Administrative Assistant • EAFIT University Jul 2023 – Dec 2025

- Redesigned the digital communication system for the student community, reducing friction in service access and increasing response rates.
- Structured and maintained critical databases, transforming raw data into searchable information assets to drive informed logistical decision-making.
- Produced graphic materials and visual assets to support internal projects and branding efforts.

FREELANCE EXPERIENCE

Marketing Strategist Aug 2025 – Present

- Develop and execute comprehensive digital marketing strategies for diverse clients, aligning brand goals with user-centered design principles.
- Optimize customer journeys by identifying pain points and implementing strategic touchpoints that increase user engagement.
- Conduct UX research and competitive benchmarking to drive data-informed marketing decisions.

TALKS & EVENTS

- DesignOps workshop — Facilitator
- CONCIN 2026, Iberoamerican Congress of Internal Communications — Attendee

ACADEMIC EXPERIENCE

Student Representative • EAFIT University Jul 2023 – Jul 2025

- Served as student representative for the Interactive Design and Arts and Humanities committees, advocating for student interests and facilitating communication with institutional entities.
- Coordinated student assemblies and spearheaded the development of new learning spaces and training programs to enhance the academic environment.

EDUCATION & CERTIFICATIONS
